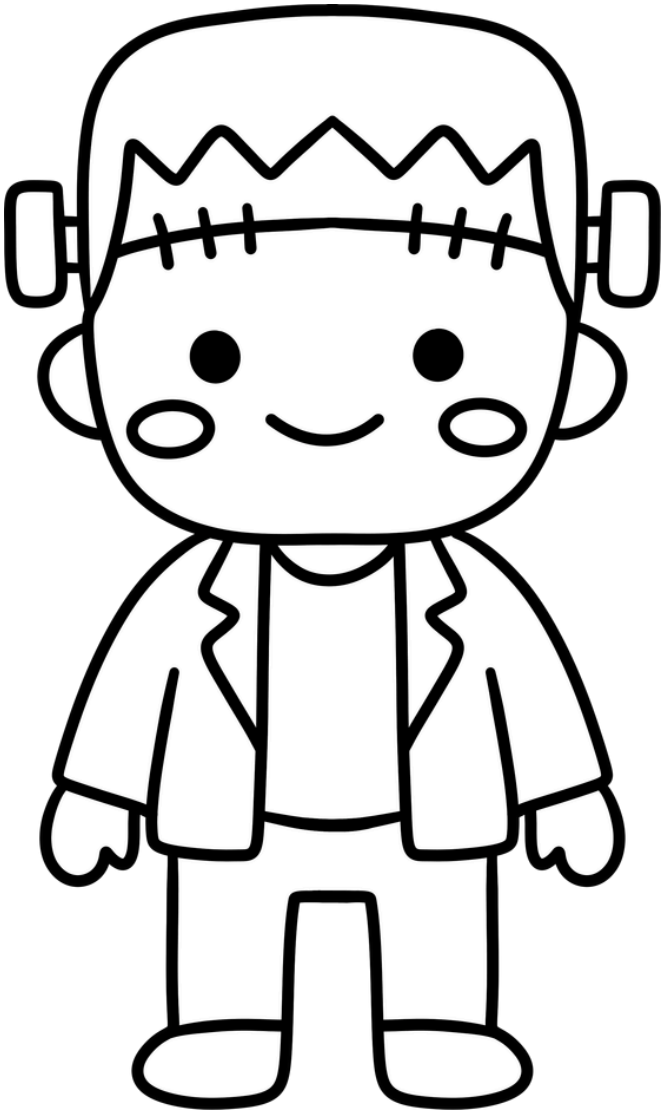
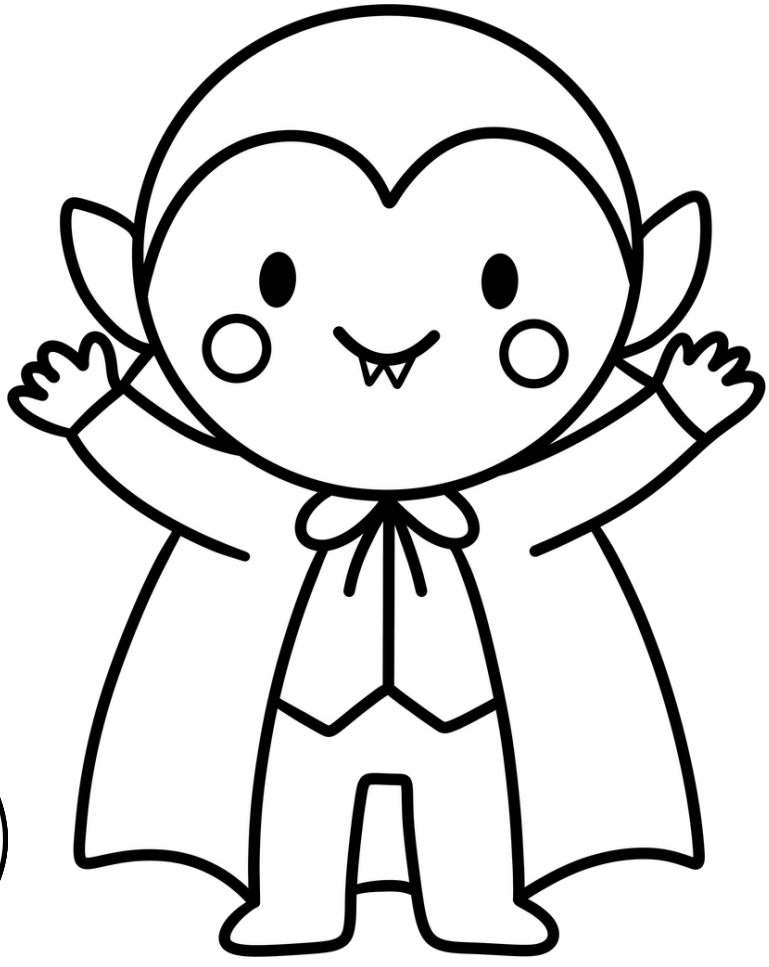
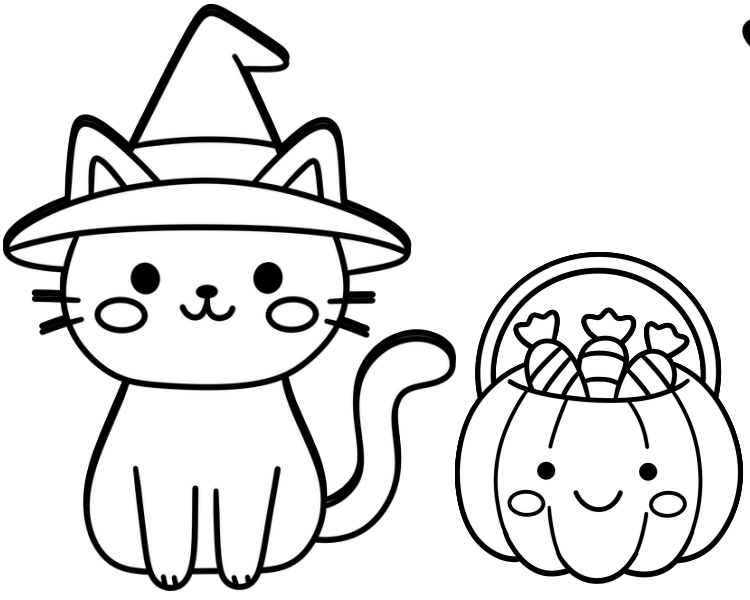
BOO! BE A HALLOWEEN HELPER!

Fun, Games and Safety for a Spookacular Halloween





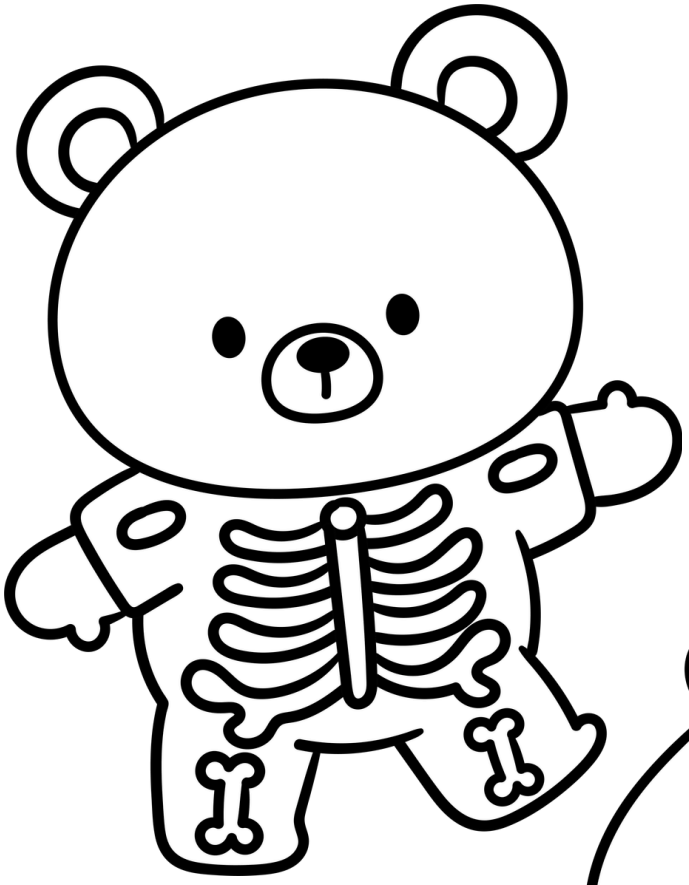


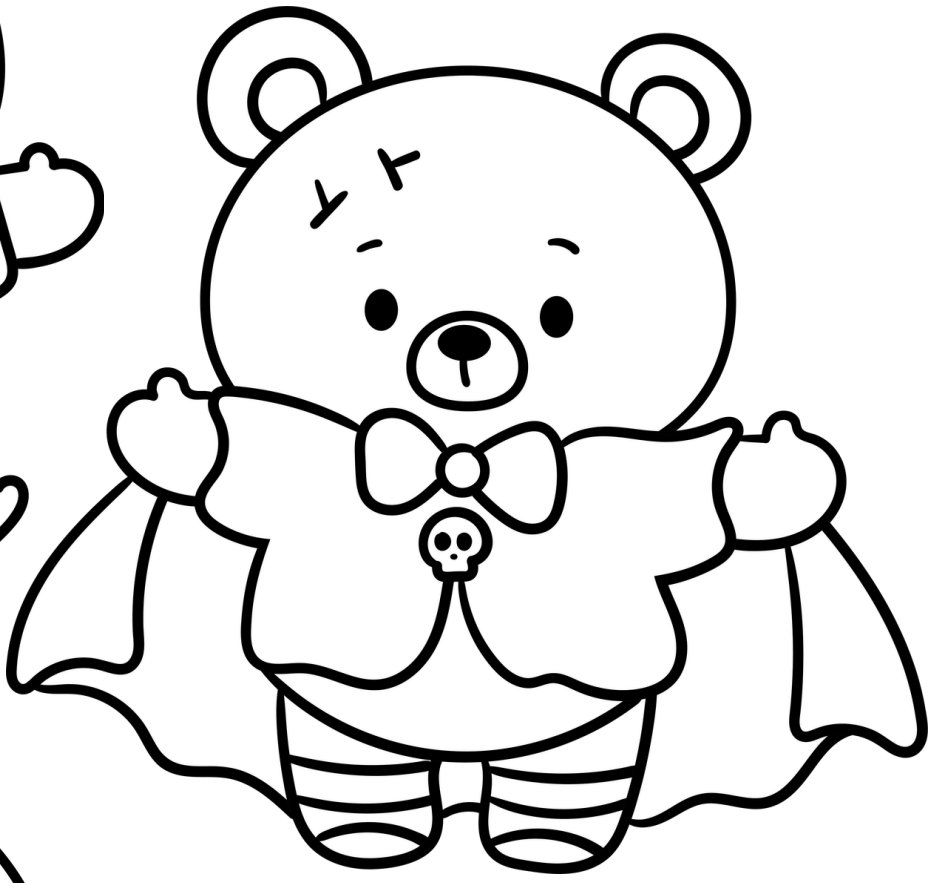
BE A HALLOWEEN HELPER!

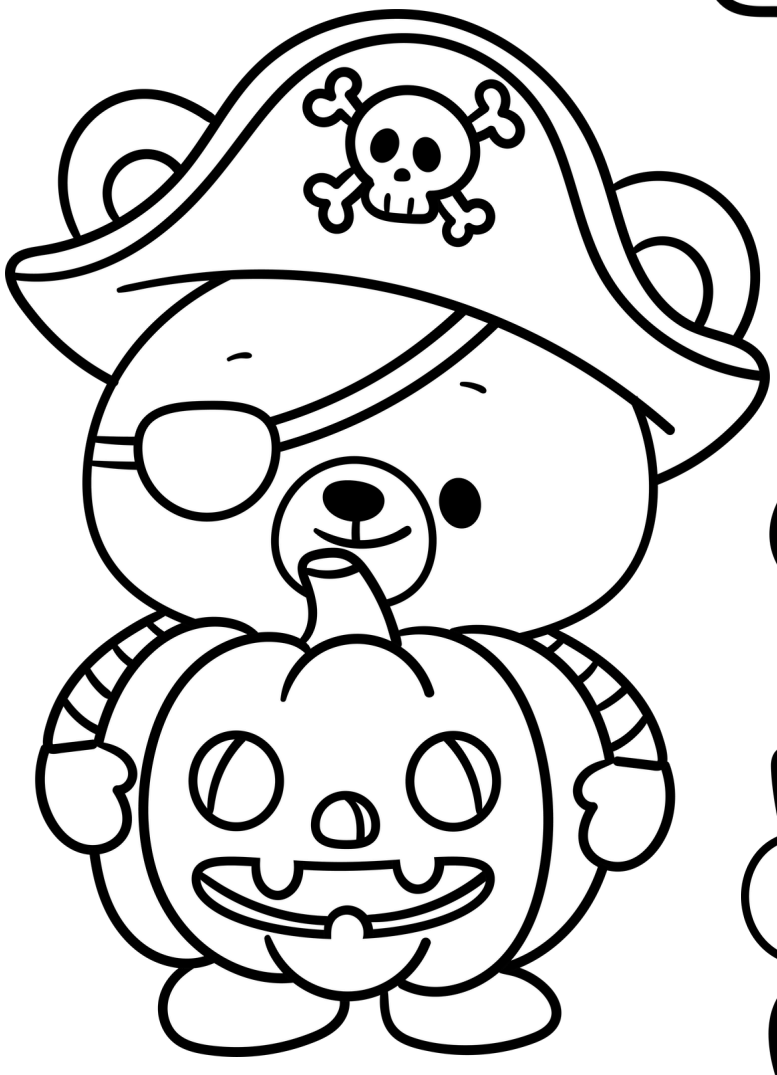
A Halloween Helper:

- Notices when someone needs help.
- Includes others.
- Respects someone's "no."
- Gets a trusted adult when something doesn't feel safe.
- Doesn't leave a friend behind.
- Helps make sure everyone gets home safely.
- Doesn't leave a mess and picks up when they see garbage in the community.

TRICK OR TREAT!



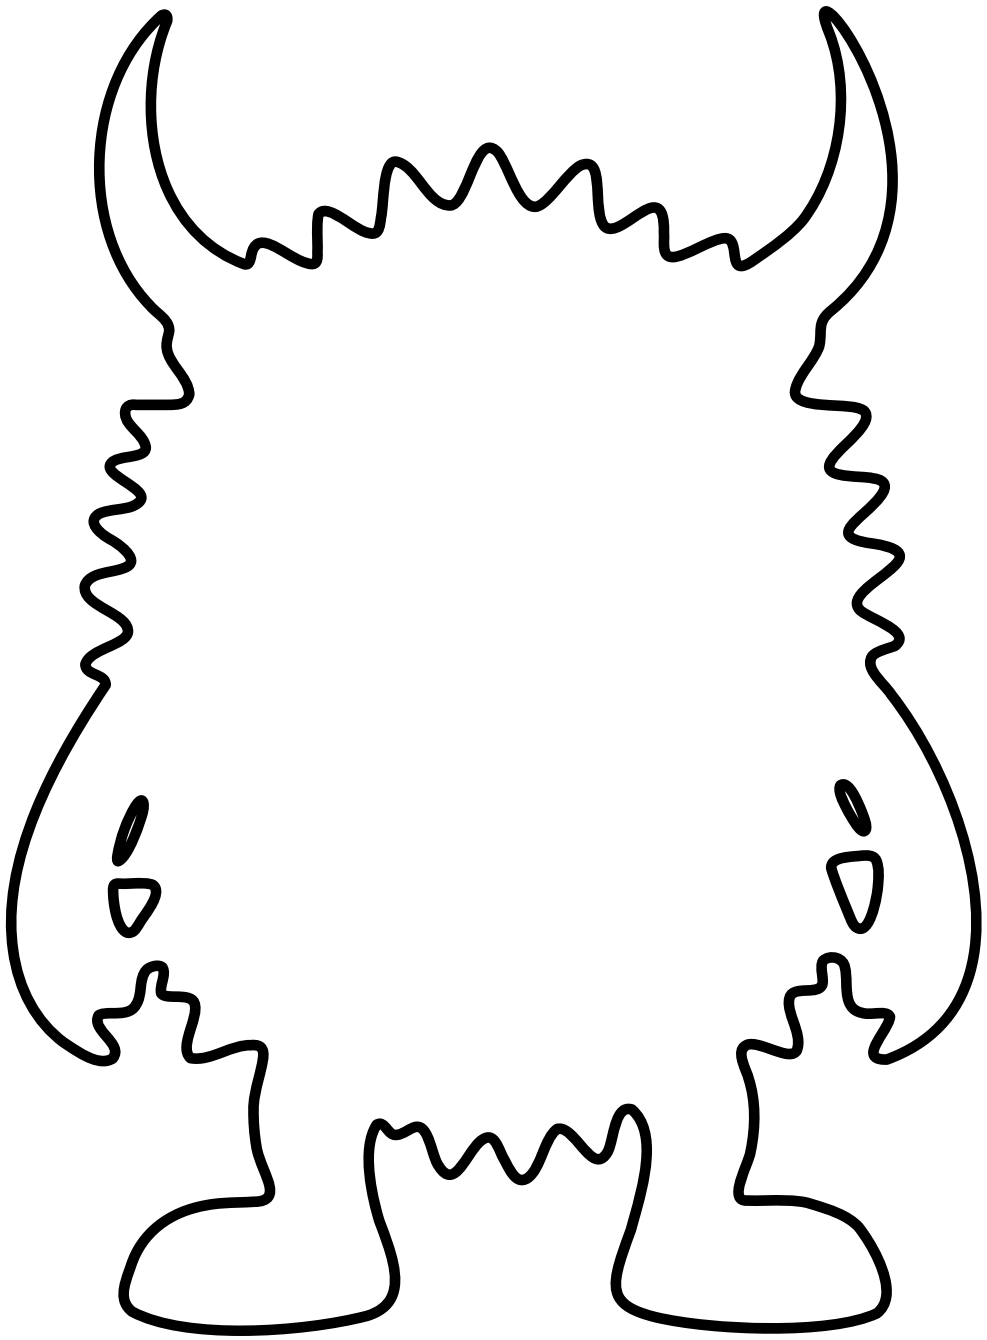




Make an angry

MONSTER!

Directions: Design your monster by adding eyes, a mouth, colors, and designs.



Make a happy

MONSTER!

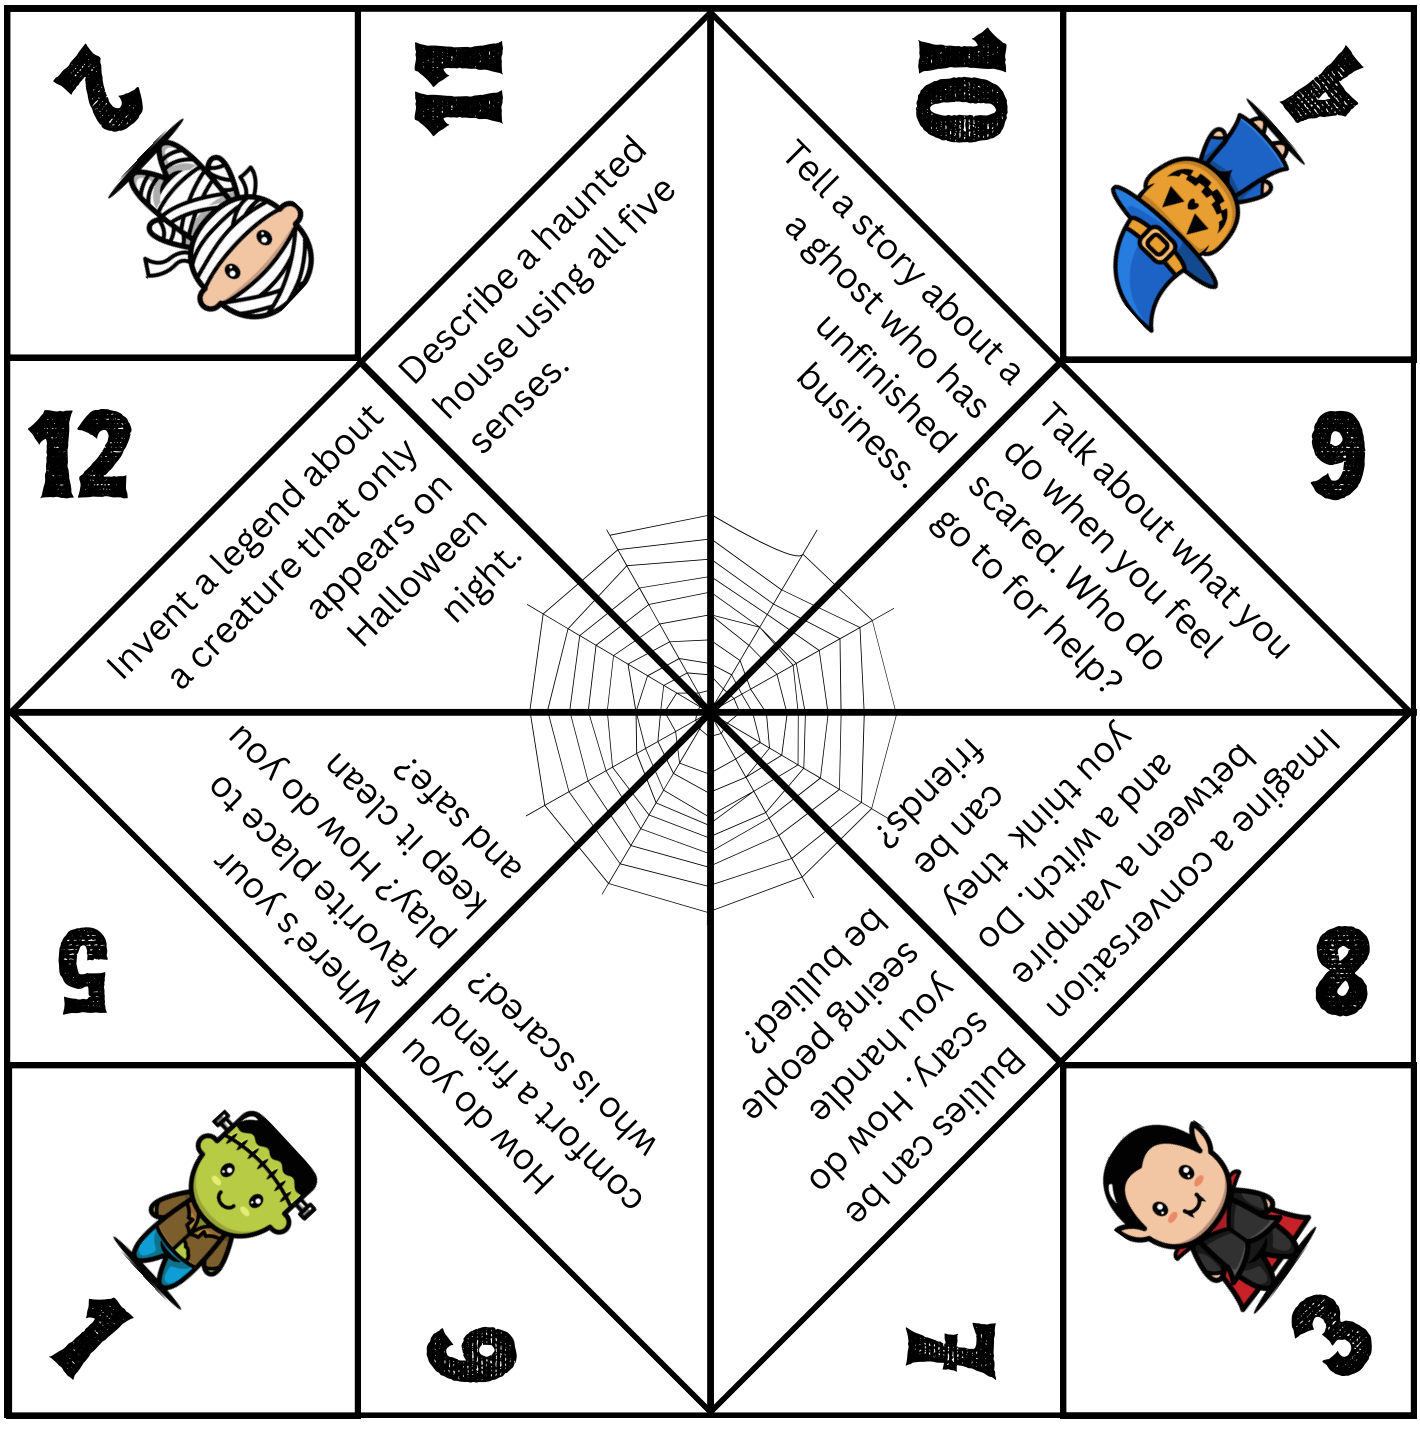
OUR FAMILY SAFETY PLAN

Halloween Chatter Box

Fold this chatter box or fortune teller according to the instructions. Use the process to reveal a Halloween conversation prompt!

Here's how to use the final folded object

- Ask the person you're playing with to choose a number from the ones written on the top flaps of the cootie catcher
- Spell out the number or count it out to reveal new numbers
- Choose another number and count or spell again
- Ask the person to choose one final number, and lift the flap to reveal the converation prompt



Folding Instructions

Fold Diagonally: Fold the square paper diagonally in half to form a triangle. Open it back up and fold it diagonally the other way. When you unfold it, you should have two diagonal creases that cross in the center.

Fold the Corners to the Center: With the square flat, take each corner of the paper and fold it toward the center point where the two diagonal creases meet. You should now have a smaller square shape.

Flip and Repeat: Flip the paper over so the folded flaps are facing down. Again, fold each corner to the center point. You'll end up with an even smaller square.

Create Creases for Opening: Fold the smaller square in half horizontally, then unfold it. Then fold it in half vertically and unfold it again. This will create creases that make it easier to manipulate the chatter box.

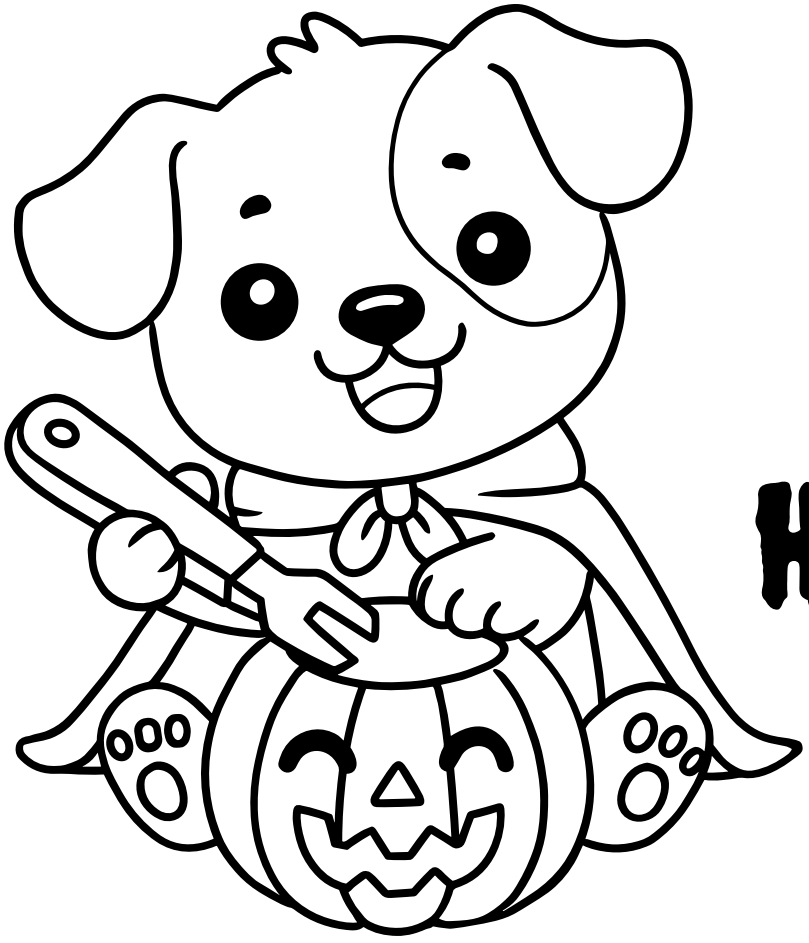
Form the Pockets: With the folds facing up, gently lift the paper and slip your fingers under the four flaps (pockets) created on the back side. Pinch the sides together to form a 3D shape.

Shape It for Use: Once your fingers are in place, you can move the flaps back and forth by pinching and pulling with your fingers. Yourchatter box is ready!

Example Sequence

- The person picks "4." You spell out "F-O-U-R" while moving the chatter box in and out.
- They see the new numbers inside and pick "7." You move the chatter box 7 times.
- Finally, they pick "2." You open up the flap for "2" and reveal a conversation prompt underneath.

A HAPPY HALLOWEEN



IS A SAFE HALLOWEEN
