### Options for Working with Hope Shores Alliance in the Future:

#### Tell Your Story

Hope Shores Alliance staff can support you in **sharing your story** in a safe and supportive manner. Often we host **Awareness Events** that celebrate survivors and raise awareness around issues that survivors have told us they care about. Contact us if you'd like to be part of one of these events in the future.

#### Volunteer Your Time

**Volunteers** are so integral to the very important work we do alongside survivors. Volunteering at Hope Shores Alliance allows you to support survivors of stalking, dating violence, sexual assault, and domestic violence on their individual healing journey. Whether you're helping a survivor move, providing childcare during critical appointments, entering data for the agency, organizing donations, or providing a unique service specific to your talents/skillsets, you can know that you are having a direct positive impact on someone's life. No matter how you choose to get involved, our dynamic, talented, adaptable, and flexible team of volunteers have a strong commitment to ending violence and are willing to do what it takes to make it happen. And the great news is that all volunteers are welcome! If you have a commitment and passion to end violence and oppression in our community, your help is needed to further Hope Shores Alliance's mission to support survivors and end violence.
